# **2019 FINE ARTS INITIATIVE**

## **STATE GRANT APPLICATION**

## Fine Arts Initiative Grants Application

1. Complete the chart below describing the progress and challenges in 2018-2019 toward meeting the Programs in Fine Arts goals articulated in the system's 2018 Annual Update. Identify the programs, practices or strategies, and resource allocations that are related to the progress.

2018-2019 Fine Arts		
Goals	Progress	Challenges
Provide a comprehensive fine arts program (art, music, dance, theater, and media arts) in grades PreK-12 giving each child opportunities to demonstrate increasing proficiency in the national, state, and local standards for the arts	<ul style="list-style-type: none"> <li>▪ The “Movement Project” introduced dance in grades 6-12</li> <li>▪ Piloted a dance integration unit as part of grade 4 physical education (PE) classes</li> <li>▪ 9-12 elective courses included AP Studio Art and Digital Art</li> <li>▪ 5<sup>th</sup> graders completed a STEAM unit – “Coastal Clean-up”</li> <li>▪ Continued the “Easels and Art” program PreK-12</li> <li>▪ Instrumental music and performance opportunities provided at all levels</li> <li>▪ Maker-space K-5 integrated media lesson</li> </ul>	<ul style="list-style-type: none"> <li>▪ Elementary Fine Arts teacher schedules leave minimum time for expanded programming during the school day</li> <li>▪ Utilize early release days for fine arts teachers to build and revise curriculum and assessments</li> <li>▪ Through our partnership with the Local Arts Council, increase access to student dance and drama programs</li> <li>▪ Explore the Integrated Language Arts program to get more students involved with dramatic productions and/or Choral Music</li> <li>▪ Offer the Filipino Tinkling project at all elementary schools</li> <li>▪ Expand chorus and show chorus ensembles</li> </ul>
Plan and deliver quality fine arts professional development that utilizes state and local clinicians and master artists to enhance instruction and student learning	<ul style="list-style-type: none"> <li>▪ PLC time focused on arts integration and media arts</li> <li>▪ KCAC provided a consultant to work with teacher teams (general education and fine arts) from each school to participate in an arts integration experience</li> <li>▪ PD on African American Art History/ Jacob Lawrence</li> <li>▪ KCPS staff participated in a fall MSDE fine arts workshop with award winning gospel artist Donald Lawrence (MD Masterclass Series) and Gender and the LGBT community session</li> </ul>	<ul style="list-style-type: none"> <li>▪ Surveyed all fine arts teachers to identify professional development needs in 2019-20 <ul style="list-style-type: none"> <li>○ Hands-on art experiences for teachers</li> <li>○ Create/experiment with practicing artist</li> <li>○ More focus on artistic process and less on curriculum</li> </ul> </li> <li>▪ Additional funding needed to offer all fine arts teachers quality PD within and across the state</li> </ul>
Increase accessibility to essential fine arts equipment, technology, instruments, and performance facilities	<ul style="list-style-type: none"> <li>▪ Student instruments were purchased and repaired</li> <li>▪ KCHS designed, constructed and opened the doors to a small black box community performance area at the high school</li> </ul>	<ul style="list-style-type: none"> <li>▪ As a district, we need to analyze available fine arts equipment, technology, and instruments and determine what needs to be donated, repurposed and/or repaired</li> </ul>

	<ul style="list-style-type: none"> <li>▪ Technology programs purchased to support fine arts instruction</li> <li>▪ Garnet Elementary students offered Hegland Glass Workshops in the artists' studio in Chestertown</li> </ul>	<ul style="list-style-type: none"> <li>▪ Middle school students are in needs of new instruments. The xylophones are causing splinters, and there has not been a major district instrument purchase in the past 3 years due to budget challenges</li> <li>▪ Garnet Elementary needs 4 new microphones. The old microphones were never returned to the school after consolidation</li> </ul>
Design KCPS Fine Arts Curriculum Guides to include the content standards and align with the Maryland State Standards for the Fine Arts and in alignment with the National Core Arts Standards.	<ul style="list-style-type: none"> <li>▪ Quarterly Fine Arts Professional Learning Community (PLC) meetings held</li> <li>▪ Continued design and implementation of integrated units</li> <li>▪ Individualized coaching and support provided to teachers in the areas of lesson planning and classroom management</li> </ul>	<ul style="list-style-type: none"> <li>▪ Need additional time for PLC Fine Arts meetings with emphasis on unpacking the standards and designing assessments</li> <li>▪ Offering opportunities to collaborate with master music, art and other fine arts instructors outside the district</li> </ul>
Increase fine arts and cultural arts opportunities through expanded partnerships within the community and specialized field experiences.	<ul style="list-style-type: none"> <li>▪ Fine Arts facilitator and Kent County Arts Council brought portrait artist Jason Patterson lecture/view work</li> <li>▪ Students visited the Phillips Collection and viewed the collection in Baltimore with a focus on the Migration Series</li> <li>▪ Benjamin Cannon and AT Moffett from WAC piloted the Movement Dance project</li> <li>▪ Wye River Upper School brought a mobile mural project to all middle school students</li> <li>▪ Middle School drama students performed several times in the community</li> <li>▪ Elementary students contributed to 3 community murals in Rock Hall</li> <li>▪ Continued "Easels and Art" where student artwork was displayed in public buildings across the district</li> </ul>	<ul style="list-style-type: none"> <li>▪ Limited funding for transportation continues to be a challenge in expanding cultural arts experiences beyond the local level</li> <li>▪ Including an increased number of middle and high school students that perform in the local Eastern Shore Wind Ensemble</li> <li>▪ KCPS heavily depends on the support of Dr. Tom McHugh and the many local donations he has secured for the field experiences. Support is needed for sustaining this effort after grant funding runs out.</li> </ul>

2. Complete the chart below outlining the system's 2019-2020 goals to implement COMAR 13A.04.16 Programs in Fine Arts in dance, media arts, music, theatre, and visual art and the strategic targets for year 2023-2024 (five year forecast). Include an overview of resources, partnerships, and necessary adjustments to ensure progress to meet, at a minimum, the requirements set forth in the regulations.

Fine Arts	2019-2020 Goals	2023-2024 Targets 5 Year Forecast
Dance	<ul style="list-style-type: none"> <li>▪ Offer opportunities to collaborate with master music, art and other fine arts instructors outside the district.</li> <li>▪ Through our partnership with the Local Arts Council, continue to increase access to student dance and drama programs.</li> <li>▪ Utilize early release days for fine arts teachers to build and revise dance curriculum and assessments.</li> </ul>	<ul style="list-style-type: none"> <li>▪ Institutionalize collaborative Dance opportunities with the community to provide resources for elementary, middle and high school students.</li> <li>▪ Develop an essential dance curriculum to identify content standards that could be achieved for pre-K – 12 students.</li> </ul>
Media Arts	<ul style="list-style-type: none"> <li>▪ Develop a pre-K- 12 Media Arts Committee.</li> <li>▪ Utilize early release days for fine arts teachers to build and revise curriculum and assessments.</li> <li>▪ Continue Arts Integration across grade levels to expand upon digital arts, community projects like Coastal Clean Up and opportunities to utilize all of the Media Arts.</li> </ul>	<ul style="list-style-type: none"> <li>▪ Institutionalize collaborative Media opportunities with the community to provide resources for elementary, middle and high school students.</li> <li>▪ Develop an essential curriculum to identify content standards that could be achieved for pre-K – 12 students.</li> </ul>
Music	<ul style="list-style-type: none"> <li>▪ Continue PLC Fine Arts meetings with emphasis on unpacking the standards and designing assessments</li> <li>▪ Utilize early release days for fine arts teachers to build and revise curriculum and assessments</li> </ul>	<ul style="list-style-type: none"> <li>▪ Expand upon curricular work completed within the past several years to create an official KCPS Music Curriculum.</li> <li>▪ Continue to provide opportunities and resources within the community to expand upon levels of excellence in musical understanding and performance.</li> </ul>
Theatre	<ul style="list-style-type: none"> <li>▪ Continue PLC Fine Arts meetings with emphasis on unpacking the standards and designing assessments.</li> <li>▪ Explore the Integrated</li> </ul>	<ul style="list-style-type: none"> <li>▪ Institutionalize collaborative Theatre opportunities with the community to provide resources for elementary, middle and high school</li> </ul>

3. Provide a detailed **budget narrative** using the *MSDE Proposed Fine Arts Budget Form*. For reference, refer to "Guidance for Completion of the Budget Narrative for the Fine Arts Initiative", "Sample Fine Arts Budget", and "Fine Arts Budget Categories" in the following pages. The budget narrative should detail how the school system will use Fine Arts funds to pay only reasonable and necessary direct costs associated with the operation of the Fine Arts program. All expenditures must be directly linked to the goals identified in this 2019 State Fine Arts Initiative Grant Application. Budget narrative forms are available in Excel format through the MSDE Fine Arts Office.

#### FY20 BUDGET NARRATIVE

Discipline	Category/ Object	Line Item	Calculation	Amount	In-Kind	Total
ALL	202 Special Programs	Contracted Service	Assemblies, and workshops, professional learning	\$1,800.	\$0	\$1,800.
Music Media Arts Visual Arts	Materials	Materials	Materials to support dance and drama programs \$622. 5 instruments @ \$120. = 600.	\$1,222.	\$0.	\$1,222.
All	Instructional Staff Development: Other Charges	Staff Development	Registration to attend Fine Arts Conferences and/or State meetings 4 staff x \$100. = \$400.	\$400.	\$0	\$400.

# Local School System Planning Guide for Targeted Support and Improvement Schools (TSI)

A Collaborative Planning Tool for Local School System and Schools

## Developed in partnership between:

- Division of Career and College Readiness  
Tiara Booker-Dwyer, Assistant State Superintendent
- Division of Curriculum, Instructional Improvement, and Professional Learning  
Marcia Sprankle, Ed.D., Assistant State Superintendent
- Division of Early Intervention and Special Education Services  
Marcelia E. Franczkowski, Assistant State Superintendent

August 2019

Maryland State Department of Education

### **Local School System Planning Guide for Targeted Support and Improvement Schools (TSI)**

Local school systems provide technical assistance to TSI school leaders to develop action plans containing measurable benchmarks toward meeting exit criteria as established by Maryland's accountability system. In a collaborative decision-making process, local school system personnel and stakeholders may use this guide to build the members of the implementation team, analyze data and identify root causes, develop an action plan, select evidence-based strategies for implementation, and track indicators of progress.

**Directions: Engage in decision-making process to:**

1. **Collaborate;**
2. **Explore Root Cause(s) and identify priority area(s) across the district;**
3. **Strategize and Prioritize Your Next Steps;**
4. **Modify Existing Practices Using Selected Evidence-Based Strategies/Interventions;**
5. **Evaluate and Renegotiate Your Goals**

**STEP 1: Collaborate: Identify the members of your cross-departmental team who will work through this process**

Name	Position Title
Mr. Dale Kevin Brown I	Kent County High School Principal
Dr. Wendy Keen	Kent County Public Schools Supervisor of Special Education
Mr. Mark Buckel	Kent County High School Assistant Principal
Ms. Emma Stephan	Kent County High School Assistant Principal
Mrs. Diana Kennedy-Milligan	Kent County High School ELA Teacher
Mrs. Ida Nabb	Kent County High School Spanish Teacher
Mrs. Gillian Spero	Kent County Public Schools Literacy Coach
Mr. Dan Hushion	Kent County Public Schools Coordinator of Special Education

Additional participants to invite: \_\_\_\_\_

\*How often do you meet? \_\_\_\_\_ monthly

\**Highly Performing Teams meet at least quarterly to review data and modify the plan as appropriate to ensure progress monitoring of benchmark and overarching goal(s).*

**STEP 2A: Explore Root Causes (Review Data, Determine Root Causes, and Identify Priority Areas)**

For each TSI school, identify the root causes leading to identification based on each student group. Consider using the Fishbone method to identify the drivers of the root causes of the problem. Often referred to as a cause and effect diagram, or Ishikawa, it is a simple root cause analysis tool that is used for brainstorming issues and causes of particular problems and can and often is used in conjunction with the 5 Whys tool.

School	Student Group(s) Identified	Root Cause(s)	Evidence and/or Data	Planned Response Action(s)

**STEP 2A: Explore Root Causes (Review Data, Determine Root Causes, and Identify Priority Areas)**

For each TSI school, identify the root causes leading to identification based on each student group. Consider using the Fishbone method to identify the drivers of the root causes of the problem. Often referred to as a cause and effect diagram, or Ishikawa, it is a simple root cause analysis tool that is used for brainstorming issues and causes of particular problems and can and often is used in conjunction with the 5 Whys tool.

School	Student Group(s) Identified	Root Cause(s)	Evidence and/or Data	Planned Response Action(s)
		same class. Also, the requirements for credits limits options for interventions or specific course offerings to support student need.		<ul style="list-style-type: none"><li>● Professional Learning Opportunities</li><li>● Academic or Behavioral Interventions</li></ul>

## **SMART Intervention Goals**

**Directions:** Based on the prioritized root causes, the school should develop no more than three SMART intervention goals in order to address the recommendations for improvement from the Root Cause Analysis report. Goals must be specific, measurable, achievable, realistic, and time-bound (SMART).

- **Specific:** Is the goal clearly defined?
- **Measurable:** Are concrete criteria identified for measuring progress toward attainment of the goal?
- **Achievable:** Does the goal stretch the school while still being attainable?
- **Realistic:** Does the goal relate to student learning and achievement? Is it data-based?
- **Time-bound:** Is the timeframe appropriate for accomplishment of the goal?

### **For each SMART intervention goal:**

- Identify one or more of the Four Domains to which the goal aligns,
- Identify the annual outcomes for the goal (i.e. – what data will the school collect and measure to determine if this goal has been achieved?), and
- Identify the progress indicators\* for the goal (i.e. – what data will the school collect and measure to determine if they are on track to meet the goal at any given point in time?).
  - Schools will identify progress indicators for various time frames (30 days, 60 days, quarter 2, and quarter 3).
  - Schools will also identify progress indicators related to both implementation (i.e. adult actions, systems, structures, and processes) and student outcomes.

**\*NOTE:** Indicators are incremental checkpoints, data, or information used to assess progress toward achieving an outcome. How to pick leading indicators:

- Ask what data are indicative, or can help predict the annual outcome of interest before it happens
- Look at the various data points that would be available to the school, which are
  - Relevant
  - Clear and easy to understand
  - Provide enough detail for analyses and understanding
  - Robust and reliable and accurate
  - Valid
- Analyze data to see if the data are useful for understanding the outcome (e.g., correlated or predictive)
  - Might compare over time or different student groups

#### STEP 2B: Identify District Priority Areas

Looking across the root cause analysis, are there themes that emerge? How do these themes impact support what is working and what isn't working within the districts master plan?

Data Source(s), Observations, and Data Trend Summary		(Include supporting and impeding factors for a system change; identify if related to personnel or infrastructure.)		
Previous	Current	What is working?		What is not?
Yr. 2015	2019	Data driven discussions during PLC's (ongoing)	Personnel Disabilities	Tier 1 instruction for Students with Disabilities Infrastructure
		Cotought classes in ELA  Having students who are in Reading I or II also supported with the same support system in their ELA courses.	Personnel	Scheduling students in intervention from middle school to know school Scheduling students in general education classes with support Infrastructure
	2019			Lack of evidence-based Tier 1 interventions and support Infrastructure
	2019	Meetings with school leadership team to change the schedule and rosters to support those with the highest need (began Fall 2019)	Personnel	
	2019	Standard specific PD with alignment to standards and considerations for UDL (began last spring)		

**Do you need to modify the focus of your activities? What will be the **FY20** priority area(s) within your schools:**

What we know works well is having students receive additional time in an intervention outside of their regularly scheduled English class time. This model showed growth from 2018-2019 . From 2017-2018 there was zero gap reduction for students with disabilities. From 2018-2019 there was 7.1% improvement with this subgroup. We are currently working to place more students performing significantly below reading level based on Fall 2019 NWEA MAP data into this model. Right now, we know it is not populated to capacity and we want to offer more students this support and Tier 3 intervention through Lexia seats purchased through our Striving Readers Grant. For those students who are not able to have an additional course offering due to credit limitations, we will support them with a differentiation model within the general education classroom that is tailored for specifically designed instruction for students with disabilities as well as any other student who is reading significantly below grade level. Again, those students will use Lexia Core5 or PowerUp depending on reading level. Small groups can be comprised of stations with students engaged directly on the online Lexia platform, or a small group guided by a general education teacher or special education teacher using standard aligned and specifically chosen resources from the Lexia Intervention to further support students while in the general education ELA setting.

For the last few years the school-wide focus on Student Learning Objectives and a commitment to disciplinary literacy has not been at the forefront. New leadership is reinforcing these focuses and student need as part of the professional development of the KCHS staff. This work began this fall (2019-2020 academic year).

We have an awareness of an overall decline in PARCC/MCAP scores in ELA 10 over the last few years and recognize a need to support ALL students as well as those with IEP's. This need has fostered new awareness, professional development, and leadership commitment to literacy engagement. This PD is being provided by Dr. John Guthrie who is a consultant who has made a commitment to work with a cohort of teachers to embed engagement and best practices in reading and writing instruction in the ELA and SS departments from grades 4-12.

Step 3. Strategize and Prioritize Your Next Steps: <i>Identify Priority Goal and Strategy/Evidence-Based Practice(s) to be Implemented</i>																
<b>Goal Statement:</b> By the end of academic year 2021, MCAP data will show that the gap between students with disabilities will close by 10 percent and that the proficiency target set by the state for this subgroup will be met.																
Goals must be stated in measurable/quantifiable terms with projected timeline(s) for completion.																
<p><b>Strategy/Evidence-Based Practice(s) to implement to make progress toward goal:</b></p> <p>Use of Lexia Core5 and PowerUp. Use of the coteaching model with skills specific regrouping by need and specifically designed instruction for not all students below reading level, including those with IEPs. Understanding of learning progressions and standards aligned content instruction. Use of evidence-based literacy engagement strategies specifically focusing on: self-efficacy, peer collaboration, choice, and leveled-texts with the support from our consultant Dr. John Guthrie. These practices are supported by Dr. John Hattie's research on Visible Learning and the desired effect of best practices, specifically focusing on the teaching practices that yield an effect of 0.4 or higher per his scale.</p>																
Strategies/EBPs should address what specifically will be implemented with fidelity to make progress towards achieving the goal.																
<b>Step 4. Modify Existing Practices Using Selected Evidence-Based Strategies/Interventions: <i>Identify Professional Learning and/or Infrastructure Implementation Strategies/Activities</i></b>																
<table border="1"> <thead> <tr> <th>Activity</th> <th>Who is involved? (Inclusive of cross-community/system/school partners)</th> <th>When will it happen? Month/Year</th> <th>What is the projected cost?</th> </tr> </thead> <tbody> <tr> <td>Literacy Engagement Cohort coaching by Dr. John Guthrie</td> <td>Two general education ELA teachers and one general education Social Studies teacher for Year 1</td> <td>Monthly beginning Fall 2019</td> <td>Funded through Striving Readers Grant and local funds.</td> </tr> <tr> <td>Lexia Core5 and PowerUp intervention provided in general education classes as well as additional support outside of English course time will be provided</td> <td>Additional teachers training and to participate in the cohort next year.</td> <td>Implementation of Lexia will begin in the general education classroom for two particular classes with a large number of low performing students as identified by grade 9 MAP testing. <b>Identify Your Progress Indicators:</b> <i>What data will the school collect and measure to determine if they are on track to meet the goal at any given point in time?</i>		
Timeframe	Implementation Data	Student Outcome Data
Academic Year 2019-2020  Academic Year 2020-2021	Level 2 Formative and summative classroom assessment data	NWEA MAP data – 3 times each academic year MCAP/PARCC end of year data Monthly examination of progress on Lexia Reports Examination of quarterly grades and student data bimonthly at PLC meetings Revision Assistant data sheets examined quarterly.

<b>Step 3. Strategize and Prioritize Your Next Steps:</b> <i>Identify Priority Goal and Strategy/Evidence-Based Practice(s) to be Implemented</i>																	
<b>Goal Statement:</b> By the year 2021 MCAP data will show an overall improvement in level 4 and 5 of at least 10% growth.																	
Goals must be stated in measurable/quantifiable terms with projected timeline(s) for completion.																	
<b>Strategy/Evidence-Based Practice(s) to implement to make progress toward goal:</b> Not all of our lowest performing students are students with disabilities and we recognize that in order to improve learning for that specific subgroup, we must increase literacy proficiency in all students. We plan to utilize the evidence-based interventions and best practices for all students in order to provide support and extension opportunities. Our hope is to meet a child where they currently are in reading and writing and through data driven PLC time, have student centered dialogues to help support all children.																	
Use of Lexia Core5 and PowerUp. Use of the coteaching model with skills specific regrouping by need and specifically designed instruction for not all students below reading level, including those with IEPs. Understanding of learning progressions and standards aligned content instruction. Use of evidence-based literacy engagement strategies specifically focusing on: self-efficacy, peer collaboration, choice, and leveled-texts. These practices are supported by Dr. John Hattie's research on Visible Learning and the desired effect of best practices, specifically focusing on the teaching practices that yield an effect of 0.4 or higher per his scale. We also plan to embed PARCC Public Release Items into formative and ongoing classroom assessments.	Strategies/EBPs should address what specifically will be implemented with fidelity to make progress towards achieving the goal.	<b>Step 4: Modify Existing Practices Using Selected Evidence-Based Strategies/Interventions:</b> <i>Identify Professional Learning and/or Infrastructure Implementation Strategies/Activities</i>	<table border="1"> <thead> <tr> <th>Activity</th> <th>Who is involved? (inclusive of cross-community/system/school partners)</th> <th>When will it happen? Month/Year</th> <th>What is the projected cost?</th> </tr> </thead> <tbody> <tr> <td>Literacy Engagement Cohort coaching by Dr. John Guthrie Personnel</td> <td>Two general education ELA teachers and one general education Social Studies teacher for Year 1 Additional teachers training and to participate in the cohort next year.</td> <td>Monthly beginning Fall 2019</td> <td>Funded through Striving Readers Grant and local funds.</td> </tr> <tr> <td>Literacy Coaching and Fidelity checks for Striving Readers Grant initiatives, strategies, and interventions will occur timely and regularly within ELA classrooms.
