

STRATEGIES FOR DYSLEXIA

FEBRUARY 22, 2023

5:30PM-7PM

**Kent County Middle School's
Media Center**

It is estimated that 15-20% of the population has dyslexia or another reading disability. They struggle reading, writing, remembering, listening or expressing themselves clearly. Dyslexia affects every aspect of life. In this presentation, you will learn:

- This workshop will help parents, caregivers and educators learn more information on dyslexia.
- Strategies, tips and resources to help children with dyslexia navigate for success in the classroom and beyond.

Join us in person or virtually!

Pizza and childcare for in person only
