

Summer Learning Programs Kent County Middle School

Dear Kent County Public Schools Families,

We are proud to offer students in grades 6-8 access to summer learning options. This online program will offer students access to personalized practice in English and Math, as well as MCAP and Science MISA prep and review.

Students will be able to work on grade level content to improve on-grade proficiency, to prepare for the upcoming school year and/or to review or prepare for upcoming MCAP and MISA assessments. Tutorials are aligned to Maryland Content Standards and pinpoint and address students most urgent needs with personalized instruction, practice, and review.

Students will follow their learning path and can choose how they master concepts and practice skills according to how they learn best. We encourage students to work frequently in Tutorials to retain what they learn and ensure they are ready for next school year.

To enroll in the classrooms below, please follow the instruction to self-enroll using the eCodes in the chart. Students can choose to work on their SY 21-22 content to strengthen their skills or SY22-23 content to prepare for the upcoming school year.

Math	eCode	ELA	eCode
Math 6	T1980260	English 6	T9059978
Math 7	T2097722	English 7	T3063170
Math 8	T3913116	English 8	T9929570
Algebra I	T2678068	English 9	T1260686
Math 6 MCAP Review	T6035939	English 6 MCAP Review	T6861280
Math 7 MCAP Review	T5280106	English 7 MCAP Review	T5319895
Math 8 MCAP Review	T1481996	English 8 MCAP Review	T3419923
Algebra I MCAP Review	T7468732	Science 8 MISA Review	T2198040
