Superintendent Survey

Take the survey online at: <https://forms.office.com/r/bfKZM9H4NU>

OVERVIEW

At their meeting on Jan. 23, the Kent County Board of Education approved a contract with the Maryland Association of Boards of Education (MABE) for the purpose of conducting a search for the next [superintendent of schools](#).

As the first step in the search process, this stakeholder input survey was developed for staff, students, families and the general public. The survey will remain open on the Kent County Public Schools website through Monday, Feb. 26.

The purpose of the survey is to determine the strengths of the school system and the county as a whole, the characteristics the public believes a superintendent should possess and what challenges a new superintendent may face.

Once survey information is reviewed, the Board will work with MABE to develop advertising, candidate criteria and characteristics and interview questions and to set a timeline for application review and subsequent interviews.

The Board intends to again seek stakeholder input as the process proceeds and to make a final decision by the end of May 2024.

Any questions regarding the survey or search process should be directed to William Middleton, search consultant at MABE (wmiddleton@mabe.org), or Joseph Goetz, president of the Kent County Board of Education (jgoetz@kent.k12.md.us).
