March 28, 2020

Dear Kent County Primary Care Provider:

In coordination with the other local health departments on the Mid-Shore, a drive through testing site for COVID-19 will once again be set up at Chesapeake College on **Monday, March 30, 2020**. Testing will be available from 10:00 am to 2:00 p.m. for residents of Caroline, Kent, Talbot, Dorchester, and Queen Anne's Counties. **This service will be provided until all testing supplies are exhausted.** Additional dates MAY be added as supplies become available. After Monday, March 30th, please call **443.262.9901** for schedule updates.

Requirements for testing are as follows:

- Test must be ordered by the patient's primary care provider. Primary care providers must issue to the patient the lab slip appropriately filled out with all pertinent information (name, address, insurance information, test ordered, and the appropriate code #139900). **Only patients who have an order from their primary care provider will be tested.**
- Patient MUST bring completed lab slip to be tested.
- Patient MUST bring government issued photo identification. The name on the ID must match the name on the lab slip to be tested.
- **Call 443.262.9901 prior to sending patients to let us know how many to expect.**
- Instruct patients to call the same number prior to departing for the site.
- Lab Corp will be the lab where specimens will be sent. Results will be sent to the provider, and patients need to be told to call their provider for results.
- The Department of Health will not be responsible for paying for tests that are not covered by insurance. Please be sure your patient and/or your office staff is aware of whether or not their insurance will cover testing. Patients without insurance may be billed separately, up to \$51.32.

Please note that no one will be turned away for lack of ability to pay. We will make an accommodation for anyone who needs to be tested.

Physical Address of the Testing Site

Chesapeake College  
1000 College Circle  
Wye Mills, MD 21679

Sincerely,  
William Webb MS  
Health Officer
